## Details by column in spreadsheet

Lexical Database:

- ID: unique identifier, corresponding sound file will have the same ID; note that a few sound files are missing
- Loan: indicates if the word is a loan, if so, this is marked by L; empty means no loan
- MixtecoToneless: not needed for online version
- Spanish, English, WordClass, ClasePalabra: should all be included for online version
- Pronoun: should be excluded now, but it would be nice to add it later when we are more certain about this
- Morphemes, GlossEnglish, GlossSpanish: if it's possible, it would be good to just display the entries without ? in them
- SemanticField, CampoSemantico: the | separates two different fields; the > indicates that the field to the right is a subcategory of the field to the left

- ScientificName, pMx, Source: should all be included, even if the info isn't available for many entries

Verb Database:

- ID: unique identifier, all start with V; sound files will have the same ID but are not available yet
- IRR\_TL: not needed for online version
- IMPF to English: include all
- Morphemes, GlossEnglish, GlossSpanish: if it's possible, it would be good to just display the entries without ? in them
- pMx, Source: should all be included, even if the info isn't available for many entries
